

## *Make sure your new cover has all these standard features*

- ☑ 12 Custom Colors - At no additional cost
- ☑ 3-Year Non-Prorated Warranty
- ☑ UL Classified - to meet ASTM Safety Standards
- ☑ Marine Grade Vinyl Encasement - Treated with mildew and UV inhibitors for year-round beauty
- ☑ Full Length Heat Seal Gasket - Saves heat and prevents moisture loss. Critical to long-term energy savings
- ☑ 1.5# Density Dura Foam Cores - Strong enough for everyday use. Don't be seduced by less expensive covers that offer 1.0# or 1.2# cores. (Consider 2# cores for even more protection from heavy snow loads.)
- ☑ Tapered Dura Foam Cores - 4" to 2.5" tapered to keep heat in, and allow the rain to run-off.
- ☑ Antaeus 2000 Vapor Barrier - Scientifically formulated plastic wrap exclusively developed to inhibit moisture absorption. (Consider Double Wrapped Cores as an upgrade option for even more protection.)
- ☑ Tough 'N Sturdy Hinge - 4-layers of added strength where it's needed most
- ☑ 28 Points of Internal Reinforcement - Every stress point is reinforced including the hinge, handles, straps, corners and skirts
- ☑ Quality Fit & Finish - Attention to detail unmatched in the industry
- ☑ Galvanized, Reinforcing Channel - Galvanized channel strengthens the center of spa top
- ☑ 2- Super Strength Vinyl Padded Handles - 5-layers of added strength where it's needed most. Located at front and rear of cover
- ☑ 2-Rubber Side Handles - Soft-comfortable handles at either side
- ☑ 2-Nylon Internal Gazebo Handles - Move the cover easily when it's folded open
- ☑ Impulse Heat Seal - A perfect seal every time to prevent water absorption of covers
- ☑ Flat-Edge Seam - Allows water to run-off cover without pooling up at the edges
- ☑ 4.25" Protective Skirt - A continuous seal to keep heat in-dirt out
- ☑ 7" Tie-Down Straps - Triple-reinforced straps secure cover to cabinet
- ☑ 4- Locking Safety Clips - Peace of mind when children are near
- ☑ Double Laminate Polyester Bottom - Industrial grade vinyl with durable polyester fabric reinforcement. Mildew resistant
- ☑ Nylon Drain Grommet - Aids the release of moisture trapped between the cores and vinyl encasement. Will not corrode or scratch the spa surface
- ☑ Zipper Protection Flap - Covers the zipper from exposure to the harsh effects of direct weather
- ☑ #7 Heavy-Duty Nylon Zipper - Heavy-duty zipper is corrosion resistant.
- ☑ Hidden Zipper Pull Protection - Protects zipper pull. Adds quality finished appearance
